

Major Gifts Officer:

Bronson Healthcare serves patients and families throughout southwest and south central Michigan. We offer a full range of services from primary care to advanced critical care at more than 60 locations. Locally owned and governed, we are the region's leading healthcare system and one of the area's largest employers. Our physicians and staff are nationally recognized for many exceptional achievements in quality, safety and service.

Established in 1983, the Bronson Health Foundation supports Bronson Healthcare and its entities by connecting the generosity and kindness of individuals with Bronson's healing mission.

The Major Gifts Officer works closely with the Foundation Executive Director to develop and implement strategy for individual major gift donor relationship management (manage, nurture, upgrade) to meet short and long-term goals of the system. The primary objective of the Major Gifts Officer is to develop long-term relationships built on a firm understanding of donors' interests, passions and values.

Education and experience equivalent to that ordinarily acquired through the completion of a Bachelor's Degree, and 5 or more years of nonprofit fundraising experience required. Major gift experience is preferred.
